Further study of this family should include:

Check of the earliest marriage records of Lucas Co.

Further check of land records for Fulton/Lucas Co.

Check of the early probate and land records in Wayne Co. OH.

Check of the ships passenger lists (located at Fort Wayne library) - check 1834 for ship that included Binder, Rupp and Laubers. If the Roth boys were secreted on the ship--they may not show, but it would verify the facts that Christian Rupp and Laubers, were on the same vessel.

A county map of Fulton Co. would be helpful in determining exactly where certain property was located

It is fairly safe to assume that the Roth's buried in the Eckley cemetery and the Lauber Hill cemetery are the correct family and would in some way be connected to each other.) With a concentrated effort; copying the names would possibly allow a better judgement of who belongs in which family.)
The 1850 Fulton Co. census does not shed much light on the families al~~though~~ but it does show 2 Christians and a Nicholas lving fairly near each other.

ROTH

The name of Roth is German in origin and means red-haired; red complexioned or owner of a red house.

There are many Roth's appearing in the records of Fulton Co. and they do not all descend from the same family. Included in this group are two Christian Roth's. Early recrods were not sepcific enough to be clear on which family or person is being recorded.

Christian D. Roth b. 1 Jan. 1813 (or Nov. 2, 1814 or Nov. 27, 1814) was probably one of the 5 sons of Joseph and Barbara (Rupp) Roth. The known sons were Henry, Jacob, Christ and Nicholas. Christ and Christian seem to be used interchangeably in many records.

Joseph Roth was considered a wealthy man with a grist mill, a spinning and weaving factory, a distrillery and a cement plant belonging to him. The grist mill was large and said to have 100 windows on the Rhine River in Alsace-Lorraine, France.

During the War of 1802, the family was driven from their home and their mill ruined. Joseph was beaten and bruised. The family hid in the Black Forest for 9 days before returning to their home and repairing the damage. Napoleon Bonaparte's troups passed through this area in 1814 and again ruined the mill. They broke the machinery by putting poles into the wheels and starting it up. All the windows were supposedly broken out.

Joseph did not have the money to repair the mill and was dejected and grieved himself to death. Barbara and the baby went to live with her brother Christian Rupp. She died a short time later. The older boys were sent to live with other relatives and families.

Christian Rupp decided to come to America in 1834 and the 4 boys (Henry, Jacob, Christ and Nicholas) decided to join him. Others in the party were Laubers, Rupps and Binder families. Each family took in a boy as their own to get them past the immigration officials.

Christian Rupp and the group went to Wayne Co. Oh. where other Amish Mennonites from Alsace-Lorrained had settled earlier.

Christian was one of a group chosen to investigate the new areas to the west that were open to settlement. After walking across the land to Fort Wayne, they turned back and were told of the area north of their rout around what we now know as Lauber Hill. The walked to Wapakoneta and entered eight hundred acres of land in that general area and were back in Wayne Co. within two weeks of the start of their journey.

The first settlers included Christian Lauber and family; Jacob Bender, wife and 3 ch.; Jacob Kibler and 5 children; Georg Meister and 5 children; John Van Gunday and 3 children. They all settled in the Lauber Hill area.

are German

Since "Row" is an English surname, and"Rau"or"Rauh", we would have to believe the name was Anglicized on many records.

theory Anglicized

To substantiate this therory, we find that the name is "Rauh" on the baptism paper of Andrew Kreiger.

Rau and Rauch mean the same thing in German--a rough, shaggy-haired man.

There are numerous "Row's" in the Holmes/Coshocton/Tuscarawas Co. records, but nothing was found to this point to lead ~~me~~ to a particular family for research.

~~Further~~ checking on which Row family was in the Holmes Co. area with a daughter Mary (Polly) at a proper age to marry in 1819,

~~Not much time wa~~s spent on checking for "Row" families. Finding the early family with a daughter Mary (Polly) at a proper age to marry in 1819, might lead on the another early American ancestor.

BURKHOLDER

Little was proven on the Burkholder family. The name is is and has been prevalent since the 1830;s in Fulton Co.

There are also many of this name in Ridgeville twp., Henry Co. OH.

The earliest Burkholders were Samuel and Moses. Samuel came from Wayne Co. OH. and bought property on Aug. 21, 1837. He brought other Swiss settlers to Fulton Co during the 1834-1835 to find land.

He died in Fulton Co. a few years after he settled in German twp. and left many descendants. He was a member of the Reformed Mennonite Church which would have been Lauber Moses

Moses's descendants were members of the Defenseless Mennonite Church. I know the location of the Defenseless cemetery's but as yet have not checked them out. However, I was told that even though there are many familiar names therein--none by the Burkholder was found.

Also in "Out of the Wilderness" is a notation concerning Defenseless Mennonite Church (Egli). I have not been able to determine whether Egli is the name of a village past, or whether it means something to do with the church.

My best assumption at this point is that Magdalena Burkholder was a sister to Samuel. Possibly through his traveling from Wayne Co. to Fulton he may have met Christian Roth and intro=cudec him to her. Maybe Magdalena lived with Samuel but records do nothing to prove it.

Dear Mrs. Read,

While looking through some past issues of the Genealogical Soc. Newsletter (Fulton Footprints) I noticed that I had underscored the Burkholder name in your query and never got around to writing to you. My grandmother was Mary (Burkholder) Frey who was the daughter of Peter F. Burkholder. I do have some Burkholder information. What line are you from and what info do you need? Maybe we can exchange information.

My line looks like this—

- Christian Burkholder
  - Peter Burkholder
    - Peter F. Burkholder
      - Mary Burkholder Frey
        - Minnie Frey Miller
          - Loretta Miller

Looking forward to hearing from you.

Sincerely

Loretta Miller

It seemed immaterial to any generation whether their name was spellled Kreiger or Krieger, but the records are amazingly accurate in having one or the other spellings. With a name such as this though, the variety of spellings could get quite lengthy and none should be overlooked during research.

Krieger is a German surname and the Old German spelling would be Kriegaere. It means - combatant or warrior. ~~[illegible]~~y.

There is much repeating of given names in this family. which ~~This~~ complicates things by having nothing unique to set one generation apart from another or to diffirentiate cousins.

Right now I believe your great-great-grandfather was Jacob Kreiger and his wife was Catherine or Mary Catherine. His will lists twelve children including a Samuel which should be your great-grandfather.

This will mentions Jacob's property in Brush Valley, PA. In early Church records of that area (Northumberland Co.) I find baptisms of two daus. to a Jacob and Mary Catherine Kreiger--Eve Margaret b. 28 Nov. 1777 and Catharina Elizabeth b. 5 June 1780. Both of these names show up in the will.

I have charted the various properties on a map that the I've found bought or sold by this family. It does not specify where the property is located that Jacob described as the "old place I now live on" that he gave to Jacob. This could perhaps be the property we find deeded to John and Samuel in 1825, that were from original land patents. Copeis of these land patents have been ordered.

~~Samuel~~ ~~[illegible]~~ property as late as 1839. We do not know if he moved
~~Samuel~~bought property in Coshocton Co. in 1839 and is in the 1840 census living there.

Samuel sold his property in Homes co. in Mar. of 1839 and bought land in Apr. of that year in Coshocton Co. It wasn't a big move, since Coshocton co. was only a few miles south of the area he had been living in. He made a healthy profit on the land it would seem--he paid $157 for it in 1825 and sold it for $1,100 in 1839.

What prompted Samuel to come north to Fulton Co. we will probably never know. Sometime after 1840 and before 1850 he made the move. His brother John followed sometime after 1850.

Since it appears that this is not the first generation of Kreigers to be in the U.S. and the fact that the land in Holmes co. was alloted to Rev. War veteran½s---pension paper search has been requested but no results have returned.

KRIEGER

It seemed immaterial to any generation whether their name was spelled Kreiger or Krieger, but the records are amazingly accurate in having one or the other variation. According to the book "What's in a Name", the German spelling would be Krieger. The Old German spelling would be Kriegaere. It means - combatant or warrior.

There is much repeating of given names in this family which complicates research by having nothing unique to set one generation apart from another or to differentiate cousins.

Jacob Krieger and his wife Catherine or Mary Catherine are your great-great-great-grandparents. His will lists twelve children including Samuel who would be your great-great-grandfather.

This will mentions Jacob's property in Brush Valley, Pa. In early Church records of that area (Centre/Northumberland Cos.) are baptisms of two daughters of Jacob and Mary Catherine--Eve Margaret b. 28 Nov. 1777 and Elizabeth b. 5 June 1780. Both of these names are in the will of Jacob of Holmes Co.

Since it appears that Jacob was not the first generation of Kriegers to be in America, and the fact that the land in Holmes Co. was alloted to Revolutionary War veterans--a request for a Pension search was made but none was found.

The various properties that are presently known to have been bought or sold by this family have been charted on the map. In his will, Jacob gives "the old place I now live on" to his son Jacob. No location is given for it, but perhaps it is the property we find Jacob deeding to John and Samuel in 1825.

I have obtained copies of two land patents that the elder Jacob acquired. This merely means he was the first person to privately hold the property after the government put it up for sale.

Samuel sold his property in Holmes Co. in March of 1839 and bought land in April of that year in Coshocton Co. Coschocton is the next county south of Holmes. He seemed to have made a healthy profit on the land as he paid $157.00 for it in 1825 and sold it for $1,100 in 1839.

What prompted Samuel to come north to Fulton Co., we will probably never discover. Sometime between 1840 and 1850 though, he made the move. His brother John followed sometime after 1850.

Your great-grandfather again was named Samuel. He met and married Anna Roth--perhaps through the Church. There should be a marriage record for them, but I did not find it.

This is an interesting family to research--they left a mark where-ever they were.

FIRST GENERATION

1. Jacob^1 KRIEGER, Sr.[1]. Born, CIRCA 1750. Died, 1813, in Coshocton Co. OH. Prob of Est: 6 MAY 1813, in Coshocton Co. OH. The original research into this branch of the family was done in 1981 and 1982 for Virginia Krieger Keller. A notebook of information, pictures and documents was put together and given to her. I presume her daughter Phyllis Leck now has the book. When I closed the project, I only retained basic lineage charts. Consequently, I now can only supply are bare and brief picture of your ancestry. However, I feel it is probably more than you now have and I hope you can enjoy it as far as it goes. It seemed immaterial to any generation whether their name was spelled Kreiger or Krieger, but the records are amazingly consistant in having one or the other variation. According to the book WHAT'S IN A NAME, the German spelling would be Krieger. The Old German spelling would be Kriegaere. It means combatant or warrior. There is much repeating of given names in this family which is common among many ethnic groups. It complicates the research when there is not enough information to set one generation apart from another or to differentiate between cousins. Jacob Krieger did leave a will which lists twelve children. This will can be found in Coshocton Co. OH will book volume 1 page 52. The will mentions Jacob's property in Brush Valley, PA. In early Church records of that area (Centre/Northumberland Cos.) are baptisms of two daughters of Jacob and Mary Catherine - Eve Margaret and Elizabeth. Since it appears that Jacob was not the first generation of Kriegers to be in America and the fact that the land in Holmes Co. was alloted to Revolutionary War veterans - a request for a pension search was made but no record was found. There are records available for the various properties that were purchased by members of this family. In his will, Jacob gives "the old place I now live on" to his son Jacob. No location is given for it but perhaps it is the proprty that Jacob deed to John and Samuel in 1825. There were two land patents that the elder Jacob acquired. This merely means he was the first person to privately hold the property after the government put it up for sale.x

Dear Louetta,

I think one of the problems is this: The information on the sheet that states Samuel Burkholder b. ca 1800 and Mary Ann was sent to you as added information, not that I had proven it to be my Aunt's family.

I went through every record I could find on Henry and Fulton Cos. at the Swanton library and also the Toledo Library. We had no family information to start with other than what I had already learned about the parents of Joseph Krieger.

So as I went through these vital records, books, etc. I took notes and pieced what I could together. I cannot now tell you just where I came up with Samuel as the father of this Burkholder family. It might have been in the records that Vashti Seamen collected.

She had a lot of good information recorded, but unfortunately it wasn't in a very organized manner.

When I quit actively researching this line, I had left it that Magdelene Burkholder was probably in the same family as Samuel who came from Wayne Co. Oh.

Also, I sent you that sheet because I thought you might be able to fit some of your pieces to it--and decided if it was of the right line!

On the question of Cordelia/Gertrude Oberly: I can think of two things. One is that a record was miss-read and the other is that perhaps Simon married twice. Actually, I think of a 3rd. thing--maybe Gertrude was her legal first name, but she prefered Cordelia and was always called that.

I don't mean to sound belittling, but perhaps if your family cousin gave this information by memory, there could be some errors there too.

That's really why genealogy is so time consuming. Taking all these little pieces of information and tossing them around until they come out right. Our ancestors sure didn't make it easy for us to search them out.

Dear Helen,

Thanks a lot for the Burkholder info you sent. I think I've placed it all properly except the one chart. I was able to identify the Daniel D. Burkholder family which basically * agrees with my info except Simon married Cordelia Oberly rather than Gertrude according to my info from that family. This Daniel would be a brother to your Magdalene who m. Christian Roth. The Samuel Burkholder chart is the one that has me rather baffled. I'm sending copies so you can see what I'm referring to. My gr. grandfather was Peter Burkholder who was married to Barbara Grieser. He died 7 Apr. 1917 and is buried on Eckley cemetery. But his father was Peter and not Samuel. His mother was Mary Ann — (Marrin)(Bixel) Beiler — various spellings. If you check the rest of the children on your Samuel's chart you will see that six of them correspond roughly in age + order of birth with those on my Peter's chart. Can you clear this up for me? Most of my info came from a Burkholder family cousin and I think it came from family informants mainly. I had copied a family list from the 1850 census as follows —

Mary Ann Burghoeder age 45 b. Switz
John 16 " "
Samuel 12 b. Ohio
Christian 10 " "
Peter 8 " "
Daniel 6 " "
Catherine 4 " "
Johnathan 2 " "

This is my Peter's family according to the children's ages + wife's name.

Maybe I'm not understanding something right but it seems as though my Peter + your Samuel's family are somehow mixed up. Am I right?

* There are a few other minor differences. I'll include a copy of the info that came to me.

Hope I'm not confusing you with my questions.

As ever,
Loretta

P.S. If you don't have time to answer all this now — just keep it for reference until some later time. I know its confusing.

Alpheus Rufenacht was married to Frieda (Aeschliman) Rufenacht in 1925. They have been long time residents of Waldron, Michigan. They have been owners and operators of the Waldron Elevator for about 45 years. They are the parents of Duane, who now manages the elevator, and Roger, a teacher in Orlando, Florida.

Frieda died in 1960. Alpheus married Doris Wilson in 1969.

Floyd Rufenacht was married to Margaret Frader in 1931. They were Toledo, Ohio residents where Floyd was employed in the wholesale poultry business and later in the Houghton Elevator Co. There were two children in this family, Floyd Jr. and Evelyn (Rufenacht) Shafer. They both live in the Toledo area. Margaret died in May, 1972 and Floyd in June, 1975.

Edna, the third daughter, was married to Mervin Farber in 1933. Edna attended Defiance College and began her teaching in the Moine School west of Archbold. The following year she taught in the Boutquin School and then in the Archbold school. She taught until her marriage and was then not permitted to teach as the school board had a policy of no married women teachers. Later when teachers became more in demand she taught in Stryker, Elmira, Archbold, and Wauseon. She and her husband, also a teacher, had a total of 63 years of teaching before they retired in Wauseon.

Edna and Mervin are the parents of one daughter, Jeanine K. (Farber) Hall. She is a registered nurse at the Fulton County Health Center. They reside in Archbold, Ohio.

Dale was married to Marie (Andres) Rufenacht in 1937. Dale has been an Archbold merchant for the past 41 years as owner of the Rufenacht Haberdashery. They purchased the Refenacht farm west of Archbold and lived there for several years before moving to Archbold.

Dale and Marie are the parents of two sons, Robert and William, and two daughters, Patricia (Rufenacht) Mockel and Suzanna (Rufenacht) Corlill.

Robert is an Arizona resident and William is an Archbold merchant. Patricia and Suzanne live in the Chicago area.

CHRISTIAN RYCHENER

Christian Rychener was born in Signau, Canton Bern, Switzerland on Sept. 1, 1813. He came to America with the Christian Beck party in 1833. This party lived in Wayne County, Ohio, for a short time before continuing on to German Twp., which later became a part of Fulton County. Christian stayed in Wayne County three years, earning a little money. He rejoined the Beck party in German Twp., which became a part of Fulton County.

In 1836 he bought 40 acres of land, the northwest quarter of the southwest quarter of Section 22. He bought this land for $1.25 an acre. The original deed was issued at the land office in Lima, Ohio, and signed by President Van Buren in 1837. He spent the following summer helping dig a canal at Lima, Ohio. He earned $50.00 with which he hoped to buy the adjoining 40 acres south of his original forty. But he learned that Peter Wyse had bought this area while he had been working in Lima. Disappointed, he purchased the forty acres south and east of the Wise property. This second 40 acres was the northeast quarter of the northwest quarter of Section 27. All of his life, Christian's farm was thus divided.

He cleared some of the original forty acres and built a log cabin and a small barn. It is said that soon after he purchased the first forty acres, Christian tramped through the wet, swampy forest searching for high ground upon which to build a cabin. He returned to the Peter Wise home where he was staying and literally weeping said, "There is no place high enough to build a cabin." Wise comforted him, saying, "We'll look together tomorrow, Chris." They did and located the knoll where he built the original cabin and where the buildings for this farm have always stood.

Gideon Rychener, a son, owned this area for many years. Clarence and William Rychener, Christian's grandsons, bought it from Gideon's estate. They later sold it to Rich Brothers in Archbold, who sold it to Charles Kinsman, the present owner.

The northeast quarter of the northwest quarter of Section 27 (except where the Central Mennonite Church stands on the northwest corner in the same location where the original church was built in 1870) was sold to Barbara Nofziger, a daughter, at the time of Christian's death. She sold it to Clarence and William Rychener in 1920. They in turn sold it to Nelson Grieser in 1945. He owns this land today.

On December 10, 1841 Christian married Magdalena (1817-1898), daughter of Mickel Grieser (1780-1858). Her mother was Barbara Gautsche Grieser (1782-1860). The Griesers had come to German Twp. from Alsace-Lorraine, Germany, via Wayne County, Ohio in 1838 and bought 80 acres near the Rychener land for $100.00. Magdalena Grieser and Christian Rychener were the first white people married in German Twp. To them eleven children were born. They include: Salime — 1842, Christian — 1844, Mary — 1845, Joseph — 1847, Daniel — 1848, Gideon — 1850, Magdalena — 1852, Barbara — 1854, Henry — 1855, Fanny — 1858, Jacob — 1859.

Magdalena died on Aug. 28, 1898 and Christian on Dec. 24, 1899, on the home farm where they had spent their entire married lives.

One of their many descendents was William H. Rychener, son of Henry, who served as State Repre-

sentative of Fulton County in Columbus, Ohio 1955-1966.

In the Recorder's office of Fulton County Court House, the following transactions are recorded: northwest ¼ of southwest ¼ of Section 22: (Vol. 11, page 54): 1. The original deed from the U.S. Government to Christian Rychener was dated Nov. 22, 1860. It had been signed by Pres. Martin Van Buren Aug. 21, 1837. (Vol. 110, page 317) 2. Christian Rychener to Gideon Rychener, March, 1899. 3. Gideon Rychener Estate to Clarence and William Rychener, Feb., 1926. 4. Clarence and William Rychener to Clarence and Lester Rich, March, 1950. 5. Clarence and Lester Rich to Charles Kinsman, 1973 — present owner.

Northeast ¼ of northwest ¼ of Section 27 (Vol. 159, page 405): 1. U.S. to Christian Rychener recorded Nov. 26, 1860. 2. One acre to Central Mennonite Church (northwest corner) from Christian Rychener, Dec. 1867. 3. One-half acre to Central Mennonite Church from Christian Rychener, Aug., 1886. 4. To Barbara Nofziger, a daughter, 38½ acres from Christian Rychener, Feb., 1900. 5. From Barbara Nofziger to Central Mennonite Church, ¾ acre, Feb. 1905. 6. From Barbara Nofziger to Clarence and William Rychener, 37.75 acres, Feb., 1920. 7. Small portion to Central Mennonite Church from Clarence and William Rychener, 1946. 8. Clarence and William Rychener to Nelson Grieser, present owner, Oct., 1948.

CHRISTIAN RYCHENER JOSEPH SAUDER

Great grandfather Christian Rychener, son of John Rychener of Segnaee at Waltenroyal on the Berty and Anna Lugenbiikl of Eichi Parish, Miinsingen, Switzerland was born at Waltenroyal on October 1, 1813 and was baptized by a Reformed pastor Jacob Lauterberg on October 12, 1813. He was confirmed on the Holy Fast of Pentecost in 1829 at Langnau Canton Bern by C. A. Stephani.

In 1838 he came to America. In 1841 he married Magdalena, daughter of Michael and Barbara (Gautsche) Grieser. Mrs. Grieser was born in 1782 and died September, 1860, age 78. In about 1835, the Grieser's left Miilkausen Alcase France for Wayne Co. Ohio. In 1837 they bought a farm one mile north and one and one-half east of Archbold. In 1838 they moved on it.

Christian Rychener and Magdalena Grieser were the first white couple married in German Twp. He helped dig the canal along the Maumee River and earned enough money to buy 40 acres one mile east and one and one-half miles north of Archbold. Later he went back to the Canal to earn enough to buy the adjoining 40 acres. In the meantime someone had bought the tract from the United States government.

Since there was no land available that joined his he bought the 40 acres one-half miles south and one-fourth miles east where the Central Mennonite Church is located. He is the ancestor of all the Rycheners in Fulton Co.

Another daughter of Miihall Grieser, Barbara, who was born February 18, 1813 was married to my great grandfather, Joseph Sauder. He was born October 7, 1805 and died October 12, 1885.

On June 1, 1845 Joseph Sauder bought 40 acres one and one-half miles east of Archbold from the United States government deed signed by James K. Polk by J. Knox Walker, Sec. Between then and 1853, he bought 120 acres adjoining the original 40.

On March 19, 1845 this 120 acres was sold by the Lucas Co. auditor to John U. Pease for taxes and penalty for seven dollars, forty-six and nine tenths cents.

This 160 acres is still owned by descendants of Joseph Sauder. Eighty acres belongs to a great grandson Harley Sauder. The other eighty to a great great grandson Ivan Wyse.

P.S. This Joseph Sauder is the ancestor of all the Sauders in the community.

HARRY SCHWALL

Communities take on character through their institutions and these in turn reflect the characteristics of those public minded citizens who give freely of their time and substance. Harry Schwall stands out as one who contributed much to the success of local ventures.

He came to Wauseon in 1926 as principal of the high school, later he became superintendent. He saw the need for school busses for students in the rural area logically belonging to Wauseon, and was able to convince the school board to buy the busses. He also developed the first single salary schedule in Ohio, under which elementary and high school teachers were placed on the same salary schedule. His plan was written up, and recommended in the National Education Journal. He left the teaching profession in 1935 and established Schwall and Son Insurance agency.

He was instrumental in helping to establish our hospital, was on the board of trustees and became president. When the hospital was so deeply in debt they were considering closing it, Harry as chairman, succeeded in raising sufficient funds to keep it open, using the hospital endowment fund, which was later repaid and the hospital became solvent.

He was instrumental in organizing the chamber of commerce, and became its president. He helped organize the Boy Scout movement and was the first

KRIEGER

It seemed immaterial to any generation whether their name was spelled Kreiger or Krieger, but the records are amazingly accurate in having one or the other spellings. With a name such as this, the variety of "miss" spellings could get quite lengthy and none should be overlooked during research.

Krieger is a German surname and the Old German spelling would be Kriegaere. It means - combatant or warrior.

There is much repeating of given names in this family (a common German practice) but it complicates things by having nothing unique to set one generation apart from another or to differentiate cousins.

Right now I believe your great-great-grandfather was Jacob Krieger and his wife was Catherine or Mary Catherine. His will lists twelve children including a Samuel which should be your great-grandfather.

This will mentions Jacob's property in Brush Valley, PA. In early Church records of that area (Northumberland Co.) I find baptisms of two daughters to Jacob and Mary Catherine Kreiger--Eve Margaret b. 28 Nov. 1777 and Catharina Elizabeth b. 5 June 1780. Both of these names show up in the will.

BURKHOLDER

Little was proven on the Burkholder family. The name is and has been prevalent since the 1830;s in Fulton and Henry Cos.

The earliest Burkholder's were Samuel and Moses. Samuel came from Wayne Co. OH. and bought property on Aug. 21, 1837. He had brought other Swiss settlers to Fulton Co. in 1834 and 1835 to find land.

He died in Fulton Co. a few years after he settled in German twp. and left many descendants. He was a member of the Reformed Mennonite Church, which is Lauber Hill.

Moses's descendants were members of the Defenseless Mennonite Church.

Also, in "Out of the Wilderness" is a notation concerning Defenseless Mennonite Church (Egli). I have not been able to determine whether "Egli" is the name of a village past or if it is a Church designation.

I have corresponded with Mrs. Howard L. Anthony who is descended from Abigail Krieger and Daniel Burkholder. She informed me that although Abigail was in the correct Krieger family, Magdalena Burkholder did not belong in her Burkholder line.

My best assumption at this point is that Magdalena was a sister to Samuel Burkholder--the early settler.

ROTH

The name of Roth is German in origin and means red-haired; red complexioned or owner of a red house.

There are many Roth's appearing in the records of Fulton Co. and they do not all descend from the samily family. Included in this group are two Christian Roth's. Early records were not specific enough to be clear on which family or person is being recorded.

Christian D. Roth b. 1 Jan. 1813) (or 2 Nov. 1814 or 27 Nov. 1814) was probably one of the 5 sons of Joseph and Barbara (Rupp) Roth. The known sons were Henry, Jacob, Christ and Nicholas. Christ and Christian seem to be used interchaneably in many records.

Joseph Roth was considered a wealthy man with a grist mill, a spinning and weaving factory, a distillery and a cement plant belonging to him. The grist mill was large and said to have 100 windows on the Rhine River in Alsace-Lorraine, France. The other businesses were small.

During the War of 1802, the family was driven from their home and their mill ruined. Joseph was beaten and bruised. The family hid in the Black Forest for 9 days before returning to their home and repairing the damage. Napoleon Bonaparte's troups passed through this area in 1814 and again ruined the mill. They broke the machinery by putting poles into the wheels and starting it up. All the windows were supposedly broken out.

Joseph did not have the money to repair the mill and was dejected and grieved himself to death. Barbara and the baby went to live with her brother Christian Rupp. She died a short time later. The older boys were sent to live with other relatives and families.

Christian Rupp decided to come to America in 1834 and the four boys (Henry, Jacob, Christ and Nicholas Roth) decided to join him. Others in the party were Laubers, Rupps and Binder families. Each family took in a boy as their own to get them past the immigration officials.

Christian Rupp and the group went to Wayne Co. OH. where other Amish Mennonites from Alsace-Lorraine had settled earlier.

Christian was one of a group chosen to investigate the new areas to the west that were open to settlement. After walking across the land to Fort Wayne, they turned back and were told of the land north of their route, around what we now know as Lauber Hill. They proceeded to Wapakoneta and entered eight hundred acres of land in the general area of Lauber Hill and were back in Wayne Co. within two weeks of the start of their journey.

The first Lauber Hill settlement included Christian Lauber and family; Jacob Bender, wife and three children; Jacob Kibler and 5 children; Georg Meister and five children and John Van Gunday and three children.

Christian Rupp did not move to the new area for at least another year or more. In 1835, 1836 and 1838 the records show the Roth boys bought property. Until 1849, that area was considered German twp., Lucas Co., then Fulton Co. was formed from parts of Lucas and Henry Cos.

It is fairly safe to assume that your Roth family's are buried in the Eckley Cemetery and the Lauber Hill cemetery. With a concentrated effort, copying the names from the tombstones and noting who was buried by whom---a better judgement of the family groups might be made.

Duplication of given names was done generation after generation, which makes the sorting of families so difficult.

The 1850 Fulton Co. census shows the two Christian Roth's and a Nicholas Roth, living fairly near each other. It does not, unfortunately, prove nor disprove any of my theories.

Samuel and Anna' son Joseph was your father. Although he did not enjoy a long life he did pass his heritage down through his four children.

Tt would be a great and probably interesting trip to go to the area in Holmes and Coshocton Cos. where this family lived for nearly 40 yrs. There are many possibilities yet untapped, for further research. There still may be descendants of Jacob's family living in that area.

There are many possiblities for further research on this family:

Property deeds: Fulton and Henry Co.

Probate records: Henry Co.

A trip to Holmes Co. and a personal search of the land and Probate records will probably show many more entries.

Further research into the Northumberland Co. records

If it proves out that Jacob Kreiger was in the Revolutionary War and received a pension--- the papers will provide a number of new clues to follow

Trying to locate descendants of the Kreigers that might still live in Holmes Co. Cemeteries

A note to remember: the Holmes/Coschocton/ Tuscarawas Co. boundries were changed. So the family did not have to actually move to be found in another county. Tuscarawas was formed in 1808, Coshocton was formed in 1811 from Muskingum Co. and Holmes was formed in 1824 from Coshocton, Wayne and Tuscarawas Cos.

Lytton

Almira Rita Krieger, daughter of Simon and Harriet Matilda nee Kellogg, was born October 8th, 1891. She was baptized and received the Christian faith, March 22nd, 1903, which faith she kept till the end, for she said 'I want to be a worker in Christ's Kingdom."

Last spring she graduated at the Boxwell Patterson Commencement and this fall entered the Freshman class of the Fulton High School of which class and school she was an esteemed member.

She departed this life December 24th, 1907, leaving to mourn their loss father, mother, two brothers and many immediate relatives and friends.

Oh, daughter and sister,
You have gone to your rest
To dwell with the angels
And by Jesus be blest.
Your chair will be vacant,
Our hearts will be sad,
But to know you're with Jesus
Will again make them glad.
Your song which so oft
Made us all rejoice,
Will be mingled with loved ones
In a much sweeter voice.
And Oh, could you speak from your home in the skies
And tell us one half of your Paradise,
We would then cease to weep
And with thee we could sing
Our dear blessed Master,
Our Savior and King

But we are so sad
And if it can be
When you're walking with Jesus
And his face you can see,
Oh Rita! just tell him of your loved ones below
And ask him to send his angels so near
That we will be led in pathways so straight

During this time three different woods, from widely separated regions, have in turn held the rank of leader in the lumber supply.

Since 1899, poplar, which for years was used in connection with spruce to the exclusion of all other paper woods, has increased in total quantity less than 100,000 cords, and is now outranked by hemlock. Pine, balsam and cottonwood are used in much smaller amounts.

New York alone consumes each year over a million and a quarter cords of wood in the manufacture of pulp, or more than twice as much as Maine, which ranks next. Wisconsin, New Hampshire, Pennsylvania and Michigan follow in the order given. Sixty per cent of the wood used in New York was imported from elsewhere, and even so the supply appears to be waning, since the total consumption for the State shows a small decrease since 1905, whereas the other States named have all increased their consumption. Other States important in the production of pulp are: Massachusetts, Ohio, Oregon, Vermont, Virginia and West Virginia.

The average cost of pulp delivered at the mill was $7.21, The total value of the wood consumed in 1906 was $26,400,000 The chief item determining the price of paper is the cost of pulp An example of the increased price of paper is found in the case of a publisher of a daily in the Middle West, who recently paid $1,200 for a carload of paper. The same quantity and grade of paper cost a year ago but $800.

The chemical process of paper making, which better preserves the wood fiber, are gaining over the mechanical process. In 1899, 65 per cent of the wood was reduced by the mechanical process; in 1906, less than 50 per cent.

All importations, of wood for pulp from Canada, and comprised, in 1906, 739,000 cords, nearly all of which was spruce. Four and a half million dollars' worth of pulp was imported in 1906, a slight falling off from 1905.

Thanks for all the info. I was talking to my brother, Clarence, and he told me that Alfred Phelps was living with my folks when he was taken to St Mary's Hospt. where he died. That means that his death records ought to be right here in Saginaw. He died three years before I was born so I was not awear of that. It may well be that I can find more at our local library then I had thought. I'll try to keep you in touch.

I sent the web site you sent me to our cousin Billy S. in Fl. I got a note back last night and he is very appreciative. Did you know that he has come out of retirement and is helping out his old boss. He sounds like he is doing well.

Thanks again

George K

After talking to my brother, Clarence, I found that our great uncle Herb (Alfred H Phelps) was living with my folks at the time of his death in 1938. Knowing that I called the county clerk's office and found that they will give me a copy of his death certificate for $5. I ask if his parents were named on it and found that they are. They said that they would have it ready for me on my way home from work tonight.

My great grandparents names are what I was trying to find so bingo, they were right under my nose. As you indicated one thing leads to another. I think I will try to fill in more of the information if I can. I know that my sister-in-law's sister is working on the same family line so she can probably fill in some of the blanks.

You were helpful and I appreciate that much.

We help at a summer camp for handicapped folks every summer and that will be next week so we will be up near Mio Mi. all next week. I sure am glad that it has finally cooled off a bit.

More later,

George Krieger

Helen,

I want to find some information about my mother's grandparents. Help!!!

Here is what I know- Her (my grandmother) maden name, Cynthia Phelps, Her brother's name, Alferd H. Phelps, and another brother may have been Fred Phelps. I now where Cynthia Phelps and Alferd H. Phelps are buried. I visited the grave site for Alferd H. Phelps last night so I have his year of birth and death. I don't have that info for Cynthia Phelps but I can get it.

I believe if I find more information about Cynthia Phelps and Alferd H. Phelps that it will lead me to the information about their parents. What do you recommend as my next steps. Will the cemetary have copies of the death certificates and will the certificates give me the place of birth or any other helpful info.

I think that I have mentioned before that after my brother Robert and Maxine had been married several years when we stumbled on the fact that Maxine was a distant cousin. Maxine's sister is trying to put together the connection but we are missing a mothers side. Maxine's sister has been building the tree from both sides and has done a good job. I thought That I might be able to fill in the blanks as I am so much closer to where everyone lived. She is in the northwest part of the country.

Any advise as to what to do or where to go next sure whould help. By the way I sure have enjoyed checking out the website you sent me. I drop the site an e-mail thanking them for their work and offering to help bring the Krieger info farther up to date.

Thanks
George Krieger

Alfred Phelps was born in 1853 and died in 1938. At this point I am assuming somewhere in central Michigan. I'll have to drive over to Owosso Mi., about 50 miles from here, to get the dates for Cynthia. I don't think I can do that for a week or two.

We have done something that we have dreamed about for several years. We have had a small motorcycle for about 15 years that we have enjoyed riding every now and then. Usually just a short ride in the country. Through a series of unexpected circumstances we now have a 1994 Gold Wing. Sharon really enjoys riding on it so I promised her some trips. This Thursday we are riding up to Traverse City to see her aunt. Sharon's sister and husband also have a Gold Wing and will be riding with us. That's why I will not be able to get over to Owosso until the following week. anymore. We are both 60 now and I think we will retire at 62 then it will be easier to do all the other things we've dreamed about.

Thanks for your help.

Sehr geehrte Frau Hunt,

Ihr Schreiben an den Verein für Familien und Wappenkunde in Stuttgart wurde an mich weitergeleitet.

Ich bin in Karlsruhe im Generallandesarchiv beschäftigt und befasse mich mit der Auswanderung aus Baden im 19. Jahrhundert.

Greetings;

I am searching for information on my ancestors, (John) George Walter and his wife (Eva) Elisabetha Barbara nee Keller. I have enclosed a family group sheet which give the birth dates, children's names and other data as I have found it here.

The birth place for several of this family was given as Schwetzingen, Hockenheim. The family was Lutheran.

I would like documents that show birth or baptism of these people. I would also like the marriage record for Barbara Keller and George Walter.

They gave April 14, 1847 as the date they came to America, but I cannot prove it.

I have enclosed a money order for $20.00. Can you help me start the research on this family? I do not know the best way in your country to obtain the records I need.

Please inform me of any additional fees you require.

Thank you.

Sincerely,

Dear Ms. Read:

Thank you for your letter. Our collections do not contain information about a ST. LOUIS that would have been built early enough to have come to America in 1847. I doubt very much that the two vessels by that name listed in the enclosed page from the Lytle-Holdcamper List would have been ocean-going. I am enclosing a page from a ships register of the year 1847 which does not list a ST. LOUIS. In case there is a discrepancy in dates, I am enclosing information about a ST. LOUIS built in 1854. We have photos of this vessel, in the event that you decide you wish copies.

I am sorry we could not provide more help for you.

Sincerely yours,

Mary H. Getchell

Explanatory Notes

In an effort to eliminate any confusion as to the content of this work, the following information is presented.

While other publications exist which contain lists of various vessels arriving during this same period, Passenger Ships Arriving in New York Harbor 1820-1850, is a complete extraction of all passenger vessels arriving at the port of New York. The United States National Archives' M237 microfilm series, Passenger Lists of Vessels Arriving at New York, N.Y., 1820-1897, was used to compile this work. It contains an official list of arriving vessels and the passengers on each, lists which were required to be filed by the captain of each ship upon arrival at the port of New York.

The resulting extraction was then compared to ships noted in the United States National Archives' series M1066 entitled, Registers of Vessels Arriving at the Port of New York from Foreign Ports, 1789-1919. This series is a more exhaustive listing and includes every arriving vessel (cargo, passenger, or other). Entries which were not readable in the M237 series were often made clear in the M1066 series.

The following information was extracted for each arriving passenger vessel:

1. Date of arrival
2. Name of ship
3. Type of vessel
4. Name of Captain
5. Port(s) of embarkation
6. Three most prevalent nationalities onboard
7. National Archives roll number
8. Manifest number

The port(s) of embarkation for each vessel have been provided and will prove to be very useful information. Each port extracted was matched against a coded listing as provided to us by Temple University - Balch Institute's Center for Immigration Research. We used their coding mechanism to insure a consistency in the identification of the various ports.

The port descriptions attempt to show not only the name of the port(s) at which each ship docked enroute to New York, but the order in which each port was visited, the proper name, and the country or geographical area in which the port is located.

Proper or present-day names of ports are noted within brackets [ ].

Ex: ST PETERSBURG [LENINGRAD]

A separate table provides a description for each port code as to its country or geographical area/region. The above entry would be listed in that table under ST PETERSBURG and would indicate that this port is in the region of RUSS. The countries/regions have been coded for uniformity (see Birth Place Code table for the complete geographical description).

Ports are separated by a / when they belong to different countries, but are separated by a comma when belonging to the same country.

Dear Helen:

I have enclosed, finally, the translations of the Walter documents and the Lehmann baptism. I wanted to show them to my German friend so that she could fill in the few holes, but never got to see her. Her mother has been here on a visit from Germany and will be returning soon. As soon as I can I will have her look at the occupations or stations of the individuals who were witnesses (those that I could not really make out) and the travel document. I am really quite sorry for the delay. Class lecture preparation and the like, with a complete computer failure, have slowed my extra projects!

If you have any questions, please call!! Thank you for your patience and understanding!!

Sincerely,

Steve

Sehr geehrte Frau Hunt,

Ihr Schreiben an den Verein für Familien und Wappenkunde in Stuttgart wurde an mich weitergeleitet.

Ich bin in Karlsruhe im Generallandesarchiv beschäftigt und befasse mich mit der Auswanderung aus Baden im 19. Jahrhundert.

Den Auswanderungsantrsg des Georg Walter von 1846 mit seiner Frau Barbara geb.Keller und seinen Kindern Michael *15.4.1824, Eva *23.7.1825, Georg *8.9.1828, Johann *3.2.1831 und Peter *19.7.1833 konnte ich in meinen Auswandererlisten ermitteln.

Ich habe Ihnen den Auswanderungsantrag kopiert. Sowie aus den Standesbüchern von Hockenheim (1810 bis 1869) die Heirat der Eltern o● 12.2.1824 und die Geburten der fünf Geschwister.

Mit freundlichen Grüßen

N.S.: Nachtaäglich fand ich noch den Geburtseintrag der Caroline Lehmann. Ihre Eltern waren Christian Lehmann und Sophie Groh.in Blankenloch. Sowie den Geburtseintrag der Margaretha Barbara Kögele in Weingarten. Deren Eltern waren Ludwig Kögele und Johanna Jundt.

thank you very much for your letter and the check. I have been happy very about your @@possitiv answer.
At your search after further data of the family Lehmann from Blankenloches could help on I you.
The found statements read:

Unfortunately I Can not take over also the search after unknown dates of death, since this is very time-consuming.

WALTER

60-1 JOHANN GEORGE WALTER was born 7 Dec 1799 in Schwetzingen, Hockenheim, Baden the son of Abraham and Margaretha (Stollhofin) Walter. He married ELISABETH BARBARA KELLER on 12 Feb 1824 in Hockenheim. [1] At the time of the marriage, George was a Protestant and Barbara was Catholic. One of the witnesses to their marriage was Johann Michael Walter and the other was Franz Peter Gorenflo. According to German custom, he was commonly known as George and went by Barbara. She was born 15 May 1804 in Baden but the village name is unknown and was the daughter of Joseph and Margaretha Katharina (Fahlbusch) Keller.

The permit that allowed George, Barbara and their family to leave Germany for America, was dated 7 December 1846.[2] When their sons were naturalized, they all stated they had come in April 1847. However, after many hours of searching, I was not able to find any listing for them on a Ships Passenger List that was kept by our government.

In April 1848[3] George purchase a lot and home at 7 Camp St. in Sandusky. In September 1855, the "Heirs of George Walter" sold this same property. There was no probate.

The dates of the property purchase and sale help confirm the dates of death of George and Barbara. It is suspected George died in one of the cholera epidemics in Sandusky. His death date of 5 Aug. 1849 puts him in the middle of one of the worse epidemics that city would see. Barbara died 2 Nov. 1854,[4] most likely in Sandusky. The death dates were taken from a slip of paper in the Walter-Goebelt Reunion minutes. It was obviously copied from another source, but previous research had already indicated the death for George would be 1848-1849 and for Barbara 1850-1854 so I accepted the dates found.

Of the limited information found for this generation of the family one document was Barbara Walter listed in the 1850 Sandusky census with her sons George, John and Peter. Another source was Emmanual Church in Sandusky. George and John were members there and had their families listed in it's register. This (when translated) gave their parents names, marriage dates, spouses names and immigration date.
